

RASHO ENTERPRISES

INDUSTRIAL • COMMERCIAL • INTERIOR • ELECTRICAL

Professional Project Execution

Warehouse Infrastructure • Office Interiors • Fabrication • Electrical

RASHO **ENTERPRISES** **ABOUT US**

Practical execution. Clean finishing.

Rasho Enterprises is a practical execution partner for industrial, warehouse, office and commercial projects. We focus on understanding the site requirement first, planning the work, executing safely and handing over a ready-to-use space.

SITE EXECUTION

Planned and coordinated on-site work.

SPACE OPTIMISATION

Functional layouts that use available space efficiently.

CUSTOM FABRICATION

Steel, utility structures and project-specific fabrication.

PROFESSIONAL FINISHING

Clean installation and practical handover.

RASHO **ENTERPRISES** **WHAT WE DO**

01

MEZZANINE FLOORS & STEEL STRUCTURES

Design, fabrication and installation of MS mezzanine platforms, access structures, railings and supporting steel works.

02

WAREHOUSE INFRASTRUCTURE

Warehouse space improvement, storage-area preparation, safety barriers, workstations, rack-related support and floor marking.

03

ALUMINIUM / GLASS PARTITIONS

Office cabins, control rooms and industrial office partitions using aluminium framing and glass/panel systems.

04

OFFICE INTERIORS & WORKSTATIONS

Work tables, office workstations, meeting tables, seating layouts and practical workspace arrangements.

05

ELECTRICAL INSTALLATION

Distribution panels, cabling, lighting, switches, sockets and equipment connections.

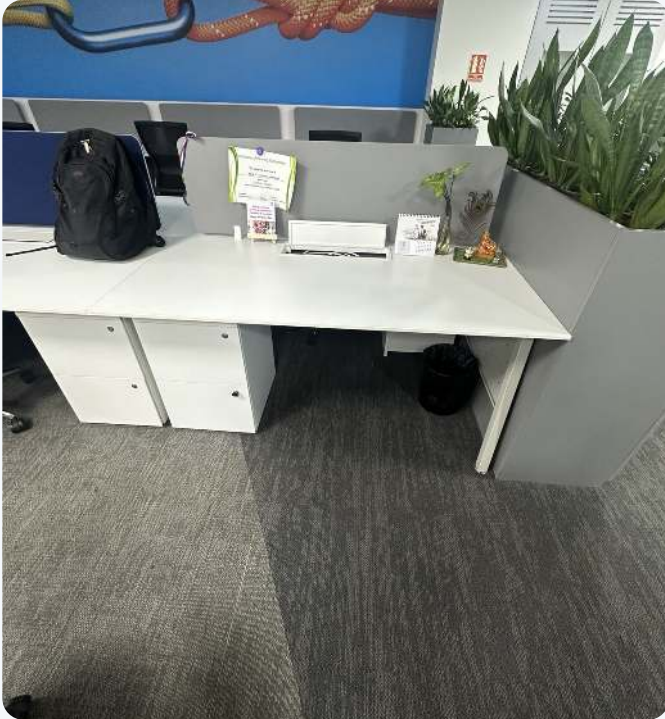

06

INDUSTRIAL CANOPY & UTILITY STRUCTURES

MS support frames, equipment covers, service canopies and custom-fabricated structures.

OFFICE INTERIORS & WORKSTATIONS

Functional spaces with a professional finish

Office workstations, partitions, storage units and coordinated electrical points designed around practical workflow and efficient use of space.

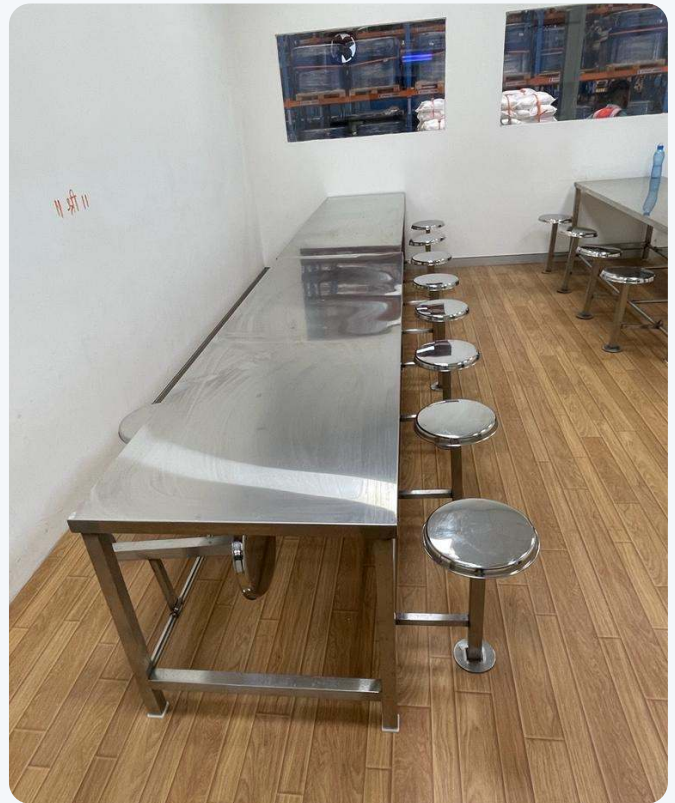

ALUMINIUM / GLASS PARTITIONS

Office cabins • Control rooms • Work areas • Glass & panel partitions • Aluminium framing

OFFICE INTERIORS & WORKSTATIONS

WAREHOUSE & STEEL WORKS

Warehouse infrastructure & space optimisation

Execution for warehouse environments including storage systems, mezzanine-related works, rack support, access areas and practical floor-space planning.
